Travel grants for contact trips outside Europe
Knut and Alice Wallenberg Foundation

On 21 November 2016, External Relations issued a call for applications for travel grants of a maximum of SEK 20 000 for contact trips to existing and new collaboration partners outside Europe. The purpose of the trips is to discuss, develop and plan education and research collaborations of strategic significance for the internationalisation activities of Lund University. The trips can take place up to and including 31 December 2017. 12 out of 35 applications received will be awarded grants. Researchers holding PhDs have been prioritised. Applications concerning already completed trips have not been considered.
