County Governor Nils Hörjel Research Fund at LTH (92027)

Purpose: The purpose of the foundation is to support technologically oriented research and higher education at the Lund University Faculty of Engineering that can contribute to the industrial development in (the former) Malmöhus county.

In the past, grants have mainly been awarded for the purpose of covering the costs associated with (1) departments inviting international visiting researchers, in which case the application is to include the name of the visiting researcher, together with a summary of his or her research background, or (2) junior researchers working at other departments, in which case the application is to include a certificate from the supervisor.

Amount: SEK 160 000

Application

Applications for research grants from the foundation are to be made via the Lund University application system for scholarships and grants. A link to the application form is available via:

http://www.staff.lu.se/research-and-education/research-support/travel-and-research-grants/other-grants-and-scholarships

The application, together with a CV of minimum one page and any other relevant documentation, must be submitted via the application system no later than 25 March 2020.

Disbursement

Disbursement to persons employed at Lund University/other higher education institution will be made to the applicant’s department. Where applicable, the application is to include the department’s overhead costs. It is appropriate to include these under the heading ‘other costs’. In such cases, the costs stated in the application are to exclude VAT.

In cases where, in accordance with the statutes of the foundation, grants can be awarded to organisations outside Lund University/other higher education institution
or to students directly, the disbursement will be made to a personal bank account or equivalent. In such cases, the costs stated in the application are to include VAT.

Ex officio

Emma Haverlind
