

**LUND**  
UNIVERSITY

DECISION

1

9 January 2014

Reg. no PE 2013/776

Vice-Chancellor

## Health promotion reimbursement

### *Background*

In accordance with the Lund University Health Promotion Policy, reg. no PE 2009/894, employees have the right to be reimbursed for exercise activities.

Through the Health Promotion Policy, Lund University wants to promote health awareness among its staff, and provide opportunities for regular active participation in health promotion activities.

Human Resources has reviewed the level of reimbursement for health promotion activities, and proposes an increase.

### *Decision*

The University decides to increase the level of reimbursement for health promotion activities from SEK 1815 to SEK 1870 per person and calendar year, from 1 November 2013.

This decision was made by the undersigned Deputy Vice-Chancellor in the presence of acting Head of University Administration Cecilia Billgren after a presentation by Human Resources Consultant Jenny Palmgren.
