Investment in gender equality through the position of visiting chair of the underrepresented gender – Hedda Andersson

Between 1 October 2018 and 31 January 2019, faculties/departments can apply for funds in order to finance the appointment of a visiting professor of the underrepresented gender, in the name of Hedda Andersson. The idea behind this investment is that a visiting professor can serve as a role model to the underrepresented gender at the faculty/department, and in other ways help promote gender equality within the organisation.

Read more about the background to the invitation and the conditions for applying etc. on the Staff Pages under Organisation and Governance/Vision, objectives and strategies/Gender equality and equal opportunities/Funding for gender equality initiatives.

If you have any questions, please contact the Management Group for Gender Equality and Equal Opportunities via email at jol@pers.lu.se.

The application deadline is 31 January 2019.
